CARTON WATER 33cl - ECO Water - All the colours___.

REMEMBER:

We will need 2 design files:

1. Open with all the images in LAYER. Attach the FONTS

that are used in development (All editable).

that are used in development (All editable).

2. Another file, vectorized.

3. Please keep the "KEYLINES" LAYER how you receive it.

. You can change the placement and color / size of the texts

as long as they have a minimum size of 7pt.

. If you are going to make a background with a photograph or a plot, the letters in

white should have a frame or profile around. We can do that do us for you.

. The logos are optional (except the logos: recycled, FSC and tetra pack).

They can be put in B / W or not.

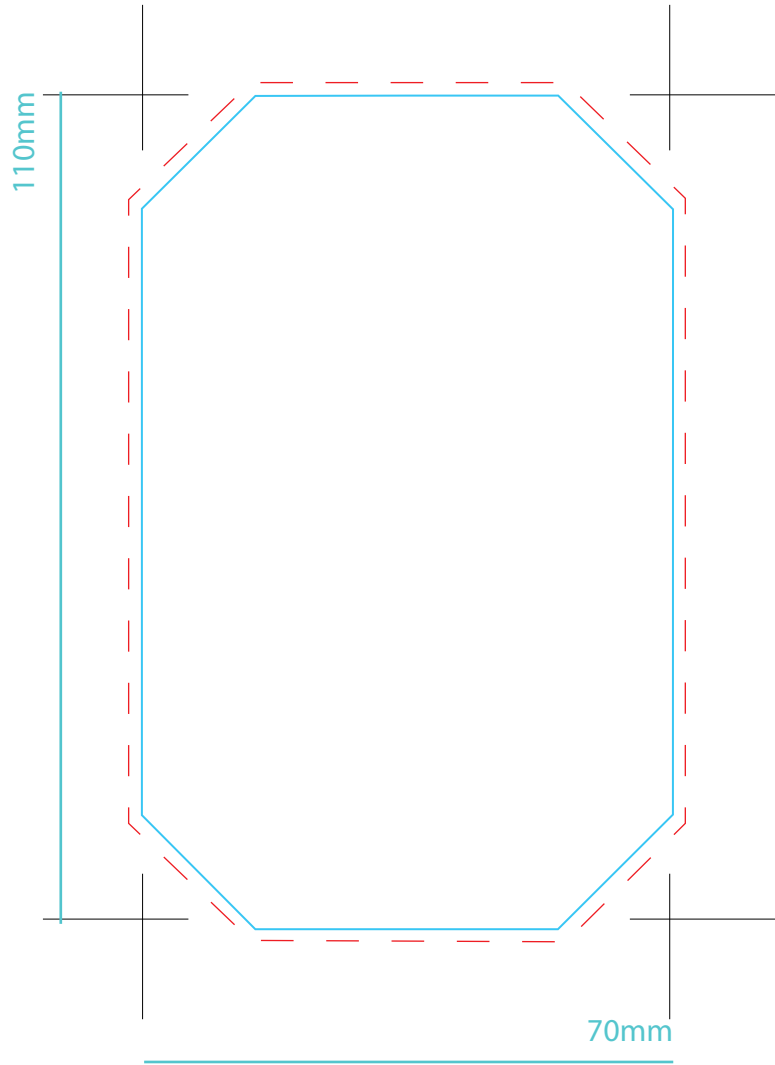

. The seal of collaboration with Pozos sin Fronteras (Wells without Borders) is optional.

. Your contribution will be € 0.003 per container to carry water where more they need it.

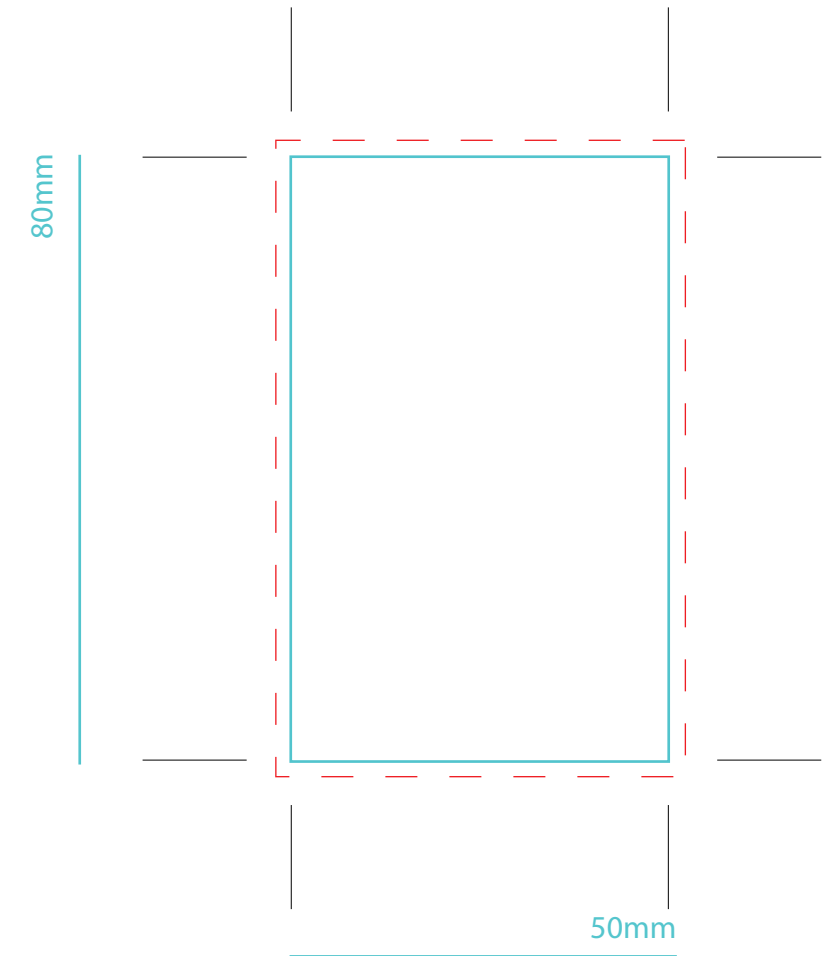

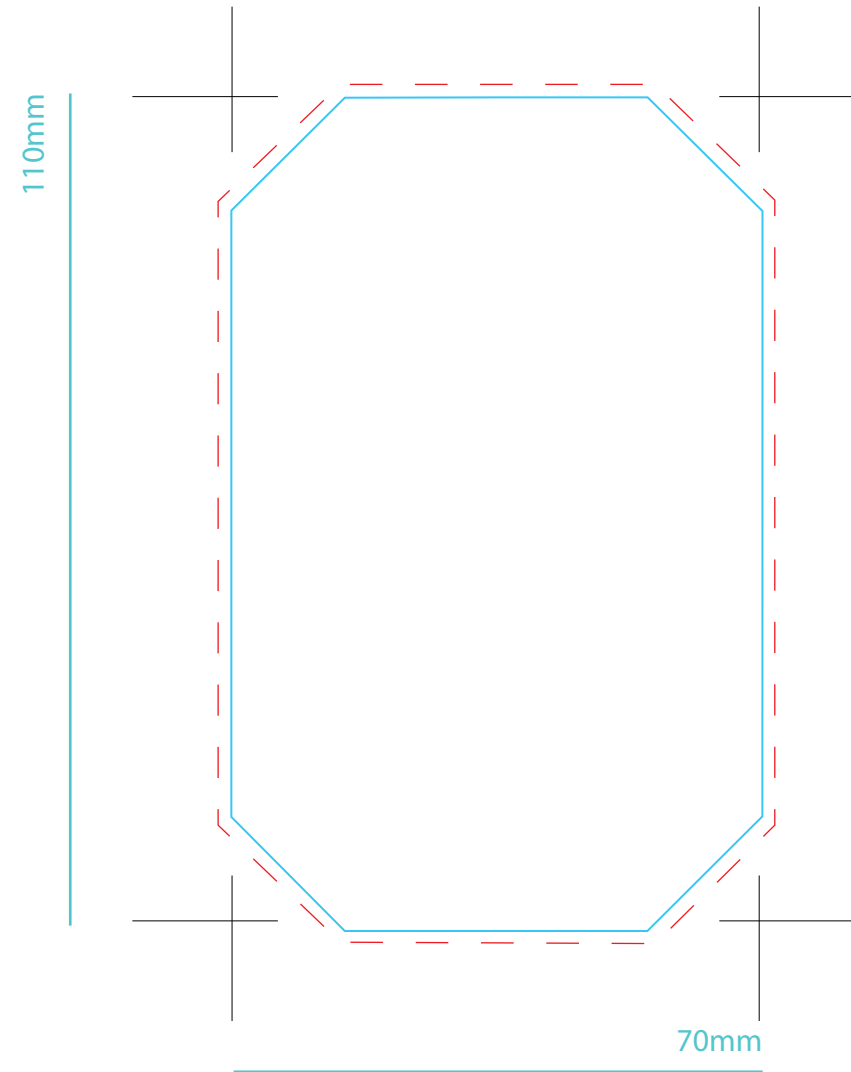

. You can add a claim of your preference
